THE CITY OF
EULLESS

Greetings from the Mayor

Welcome

Dear Citizens,

Now that the weather is cooling down, we hope you are able to get out of your air conditioned homes and participate in the many activities available in our parks and library. We are nearing the Holiday season and we look forward to our Christmas Parade and the Heritage Park celebration, along with many other events.

We are happy to announce the graduation of Class 9 of the Citizens Fire Academy, Class 21 of the Citizens Police Academy and Class 1 of the Community Emergency Response Team (CERT). Thanks to all of our citizens for participating and our staff for leading and teaching. Our academies are so active and supportive of the fire and police departments and the CERT graduates will be our support team if an occurrence happens in our city. If you are interested in participating and learning more about your city, please call either the fire or police departments to register.

The new fire station on South Main Street is open with improvements for our fire personnel. Many of you came out for the grand opening following Fire Prevention week. Thank you for bringing so many children as well.

There is an interesting article written by Weldon Cannon about the history of the land where the new fire station is located. Mr. Cannon is truly our local historian and serves on the Historical Preservation Committee and is a guest speaker at many historical conferences.

Many, many thanks to those of you who trimmed your trees that were hanging in the street right of ways! That is a volunteer effort much appreciated. Did you know a fire engine costs almost a million dollars? The city has been putting aside monies for the past four years to purchase a new fire engine and we expect it to be delivered sometime in December. Besides being a safety issue, overhanging trees and shrubs do damage to the fire engines and ambulances that require additional dollars to repair. Again, our thanks.

Our volunteer Boards and Commission members are listed inside this issue of Euless Today. These members give of their time and talents and serve extra hours on city activities. We truly appreciate their service to our city.

And, our Volunteers of the Year are listed inside this issue. Billy Owens is the Volunteer of the Year, Boyce and Bill Byers were selected for their Lifetime Achievements and North Main Bar-be-que was selected as the Business of the Year. Honorable Mentions go to Chick-Fil-A, Starbucks and Dr. Gayla Maas. Do read about all their services to our city. Congratulations to all.

We are in the process of renovating Building B on the city campus. That building houses the water, finance and human resources departments. The completion date is expected next fall.

Once again we thank all our volunteers, including those retiring from the Boards and Commissions, as well as all of you who give of your time and talents. Working together we are BUILDING A BETTER TOMORROW FOR OUR CITIZENS.

Volunteer of the Year Chosen for 2005

Euless is very fortunate to have a dedicated, vigilant group of citizens in our community. Volunteers assist the City in a variety of ways, often working long hours without pay or recognition for the benefit of Euless.

In turn, the City chooses one person each year to celebrate the dedication and service of these outstanding people and the difference they have made in the community.

Billy Owens received the 2005
Volunteer of the Year.

Each year the decision becomes increasingly difficult as our volunteer base expands and more and more nominations arrive daily. This year the Volunteer of the Year Committee, consisting of Euless residents, reviewed over 60 nominations and had the daunting task of reducing that number down to one.

It isn't often you attend a City function, whether it be the Texas Trash-Off, City Council meetings or the Arbor Daze festival, where you wouldn't see **Billy Owens**. As a former City Council member, Billy has a devotion for the City of Euless that is beyond reproach.

Billy has lived in Euless since 1957, and from the beginning, he has been involved with the City in one way or another. He served on City Council, Planning and Zoning Commission, Parks and Leisure Services Board, Zoning Board of Adjustments and the Charter Review Committee. In addition, he served countless hours at Arbor Daze and is President of the Euless chapter of AARP.

The **Business of the Year** is yet another Euless staple that has been involved with the community for many years. **North Main BBQ** is not only an institution in Euless, but nationwide. They continually give back to the community through a variety of methods. North Main BBQ hosts dinners annually for seniors in Euless and participates in fundraisers for various causes.

North Main BBQ received
2005 Business of the Year.

Three separate honorable mentions were awarded in the Business of the Year category to Chick-fil-A, Dr. Gayla Maas and Starbucks. All three have been very involved in several special events in Euless. Chick-Fil-A is a corporate citizen that participates heavily in special events the City hosts. They have donated their time and energy at the Euless Bicycle Rodeo, as well as the Halloween Thing. They consistently work with the city to provide for the volunteers and children in the community, both at special events and fundraisers.

Dr. Gayla Maas is a licensed veterinarian who has volunteered her services at the last seven Dog Daze events held at the Animal Shelter.

She provides at-cost immunizations for animals belonging to Euless residents. She has served on the Animal Shelter Advisory Board for seven years, is a resident of Euless and a graduate of Trinity High School.

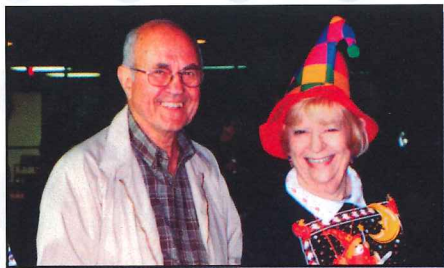

Starbucks has received the Business and Volunteer Organization of the Month award from the Parks & Community Services department for their volunteerism, landscaping and beautification efforts at their store. In addition, they have provided coffee to volunteers and are participating in the Adopt-A-Park program, by helping to lay crushed limestone for trails at the Preserve at McCormick Park.

The newest category in the Volunteer of the Year awards is the **Lifetime Achievement Award**. This is given to the person or persons in Euless that have given of their time, money and efforts to the City of Euless. This year, the Lifetime Achievement Award has been given to **Bill and Boyce Byers**. Continuing on the theme of Euless institutions, they have been in Euless for decades. Born in Euless, Bill has lived here all of his life, with the exception of a year in the Military spent in Japan. Boyce moved to Euless from Kilgore while she was in high school, which is where the two met.

Both graduated from what was then Euless Independent School District and were married after Bill graduated high school. Bill, who is known to many as a problem solver after his year abroad, began his career with Great Southwest Airport but then started his own electrical company. This began his relationship with Dave Hawes, former owner of the Euless Lumber Company. Bill worked with him for many years and eventually came to own the Lumber Company until 1998. Boyce, who was also called "Red" not only for her hair color, but also for her personality, worked at Euless Junior High school and then alongside Bill when he came to own the Euless Lumber Company.

Between the two of them, they have volunteered with nearly every facet of the Euless community. They have served on the City Council, HEB ISD School Board, Harris Methodist HEB Hospital Board, Charter Review Committee, Half-Cent Sales Tax Education Committee,

Historical Preservation Committee, Hospital Authority, Economic Development Advisory Board, Parks and Leisure Services Board and the Euless Library

Bill and Boyce Byers received the 2005 Lifetime Achievement Award.

Foundation. They have volunteered their time with many events including Arbor Daze and Texas Star tournaments. In addition, they are longtime members of the First United Methodist Church of Euless. Married over 60 years, they have raised three sons (two of which have worked for the City of Euless), nine grandchildren and numerous great grandchildren.

Our congratulations go out to all of this year's winners. We couldn't make Euless what it is today without your assistance and dedication and for that, you have our eternal gratitude.

Tree Trimming

Trees in Euless can provide a lot of beauty and shade, but they are also a potential hazard for fire trucks on their way to an emergency. The windshield of a fire truck was recently shattered due to a large limb hanging low in the street.

You or your neighbors may have recently received a letter from the Euless Fire Department requesting your help with trimming trees on your property. In the event of a fire or medical emergency in your home, or the home of a neighbor, it is vitally important that your neighborhood is rapidly accessible.

Fire trucks are taller than they may appear and require a fourteen foot clearance over the street. The City of Euless is unable to currently maintain trees or shrubs that overhang the right of way from private property. If you have trees that may require trimming, please measure the fourteen foot clearance from one foot behind the curb line.

Because of the potential for safety issues and delayed responses due to the presence of the limbs, we request that you please address this issue as soon as possible. If you have questions or would like more information, please call the Fire Department at 817-685-1600.

Your assistance in this matter is truly appreciated and can have a profound impact on the safety and well being of you and your neighbors.

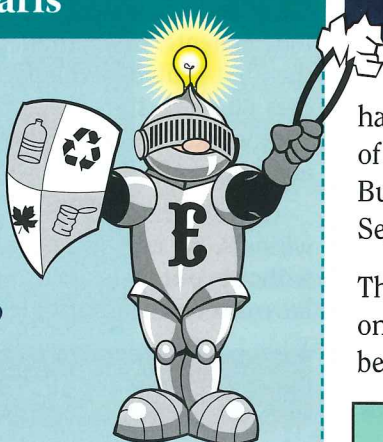

Earl's Pearls

Dear Earl:

I've been asked to trim my trees to 14 feet above the street in order for the Fire Department to avoid damage to their trucks. What am I supposed to do with the limbs?

Limbless in Euless

Dear Limbless:

Euless residents may bundle limbs and place them at the moat along with their other trash or recycling by 7 a.m. on your regular service days at no additional charge. The bundles must be tied, less than 4 feet in length and weigh less than 50 pounds.

If you are unable to trim your limbs to these guidelines, Allied Waste Services (formerly Trinity) will haul off large quantities of brush for \$10 per 5 cubic yards or a little more than the size of a pickup truck load.

Certain landfills are open to Euless residents, but the cost is high. Some landfills are open to their residents only. Contact information for landfills that will accept from Euless residents is listed below.

Silver Creek (817) 246-2426

Camelot Landfill (972) 492-3888

Kennedale Landfill (817) 478-6462.

Allied Waste Services (817) 332-7301 ext. 1

Community Waste Disposal (817) 795-9300

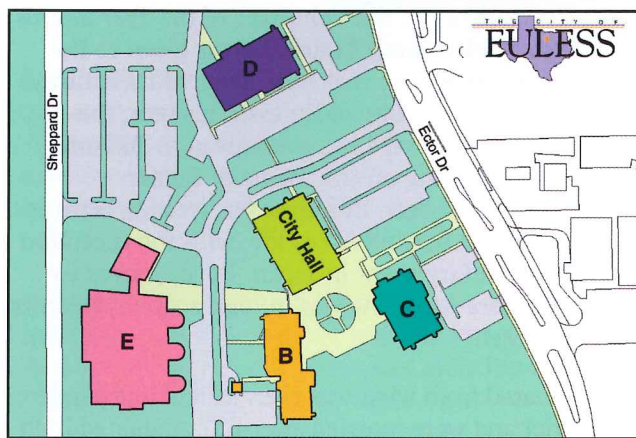

The Earl of Euless

P.S. You can also Talk Trash by calling the Recycling Hotline at 817-685-1825.

Building B Relocation

The Human Resources and Water Departments have been temporarily relocated during renovation of Building B on the City Hall campus. The Building B renovation should be completed by September 2006.

The Water Department now resides in Building C on the City Complex, and Human Resources has been moved to 414 W. Euless Blvd.

Town Hall Meetings

The Euless Town Hall meetings will be held at 7 p.m. on January 12 and February 16 in the City Council Chambers at City Hall.

Representatives from all City departments will be on site to take your questions, comments or suggestions. For more information, please call (817) 685-1563. Your opinion is important and we want to hear from you.

Congratulations Graduates

We would like to congratulate the graduating classes of the Citizens Fire Academy, the Citizens Police Academy and Community Emergency Response Team. For a complete list of graduates or for more information about these programs, please visit the Euless web site at www.euless.org.

Cannon Family Contributes Throughout the Years to the Development of Euless

By Weldon Cannon -- June 9, 2005

The new Fire Station Number 3 stands on a site that played an important role in the commercial history of the City of Euless.

Ross Cannon (1897-1980) and his wife Winnie Day Cannon (1899-1958) bought six acres in 1931 at the southwest corner of present South Main Street and West Euless Boulevard, including this location. At the intersection stood a general store that served as the business center of Euless for many years. The Euless Post Office (misnamed Enless) also occupied the building in 1889-1892 and 1901-1910, when storekeeper Thomas W. Fuller was postmaster.

Ross was a son of Arch N. Cannon (1866-1941) and Della Whitener Cannon (1872-1946) who established the Euless Nursery in 1897. The nursery produced fruit trees and vines, as well as ornamental shrubs. Ross worked in the nursery with his parents. After their death, he operated it until 1959. Meanwhile, he and Winnie continued buying adjoining property until they owned 20 acres extending west to present Martha Street. They used much of the land for growing nursery plants.

Beginning in 1940 they built commercial and residential rental buildings, and in 1949, platted the Ross Cannon Addition, opening Ross Avenue. Between 1964 and 1967, Ross leased a building at 201 West Euless Boulevard to the city for a library. After Ross' death, his

daughter Louise Cannon Griffith inherited the property. Her husband, J. W. "Bill" Griffith was the Euless Fire Chief in the early 1950s. The city purchased the building and remodeled it in 1990, incorporating it into Fire Station No. 3. In 2004, Ross and Winnie's son, Weldon Cannon, owner of this site since 1958, and his wife, Patricia Benoit, sold it to the city for a new fire station.

Through three generations, the Cannon family has contributed significantly to the development of Euless and has had a special relationship with the city, especially in safety and community service.

New Fire Station

After nearly 20 years of operation at the former location, Fire Station #3 has moved into a new facility with room to grow. In October 2005, the City officially dedicated its newest building, Fire Station #3. Located at 202 S. Main, just around the corner from its previous location, the new one-story station consists of 13,000 square feet and four large bays for fire equipment.

The station will provide for future growth and service to the residents of South Euless. It is designed to accommodate two fire companies and an ambulance. This modern facility will house a ladder truck, ambulance, battalion chief and reserve equipment.

Fire Chief Lee Koontz commented, "We have looked forward for sometime to this new station that will provide more room and better working conditions for our firefighters and allow for future expansion. We are extremely pleased with the new facility."

Fire Safety

Carefully decorating Christmas trees can help make your holidays safer...

Safety tips

- When decorating Christmas trees, always use safe tree lights. (Some lights are designed only for indoor or outdoor use, but not both.) Larger tree lights should also have some type of reflector rather than a bare bulb and all lights should be listed by a testing laboratory.
- Never use electric lights on a metal tree.
- Any string of lights with worn, frayed or broken cords or loose bulb connections should not be used.
- Always unplug Christmas tree lights before leaving home or going to sleep.
- Never use lit candles to decorate a tree, and place them well away from tree branches.
- Try to keep live trees as moist as possible by giving them plenty of water daily. Do not purchase a tree that is dry or dropping needles.
- Choose a sturdy tree stand designed not to tip over.
- When purchasing an artificial tree, be sure it is labeled as fire-retardant.
- Children are fascinated with Christmas trees. Keep a watchful eye on them when around the tree and do not let them play with the wiring or lights.
- Store matches and lighters up high, out of the reach of children, preferably in a locked cabinet.
- Make sure the tree is at least three feet (one meter) away from any heat source and try to position it near an outlet so that cords are not running long distances. Do not place the tree where it may block exits.
- Safely dispose of the tree when it begins dropping needles. Dried-out trees are highly flammable and should not be left in a house or garage, or placed against the house.

The Historical Preservation Committee presents 2006 series of Euless History

The mission of the Euless Historical Preservation Committee is to preserve and promote an awareness of the historical heritage of the area and to demonstrate how it defines current culture and provides a bridge between yesterday, today and tomorrow. The committee works to preserve and protect the culture, genealogy, archives, structures and historical treasures of the City.

In an effort to educate citizens about the history of Euless, the committee will host quarterly educational programs for the community. Join us to learn about the history of our grand City!

Incorporation of the City of Euless

Did you know that the City of Euless was actually incorporated twice? Come hear the history of how Euless was incorporated then disincorporated and later reincorporated.

Presented by: Troy Fuller, former City Councilman and son of the first Mayor of the City of Euless.

Date: January 19
Time: 6:30 - 8 p.m.
Location: Council Chambers
Euless City Hall
201 N. Ector Drive

For additional information on activities of the Historical Preservation Committee, call 817-685-1649.

Historic Tree Grove

The City of Euless Parks Department has been growing trees in their green house for many years. They have made an effort to preserve some of the most famous trees that relate to national, state and local history.

The trees are now mature enough to be planted at their new home. One of the main features in the Preserve at McCormick Park will be The Historic Tree Grove.

The grove will consist of 32 trees which have been divided into seven categories: American Revolution history, Civil War history, Texas history, Presidents, Famous People, Millennium trees and Euless heritage. Each category will include a written introduction identifying the trees place in history. Each tree will also be marked with an identification plaque explaining its historical significance.

The trees will be planted in November, and visitors are welcome to tour the grove beginning in January 2006.

I-“EASY PIANO FOR HOPELESSLY BUSY PEOPLE!”

Guaranteed fun for music-lovers! If you've tried the traditional approach and failed, this is exactly what you want. Learn to play the piano faster, easier, and have a lot more fun doing it! That's the Chord Approach Way! This is your backstage pass to the magic of music. Free-style pop piano playing made exciting for beginners as well as the classically trained. Learn how to avoid reading the bass clef entirely, how chords work in all music, how to simplify playing from the church hymnal, and how to speed read sheet music. Course Fee covers registration, take-home materials, & future workshops are FREE!

II - PIANO BY EAR WORKSHOP

“YOU DON'T HAVE TO BE BORN WITH IT”!

Solve one of music's deepest mysteries: how to play songs without relying on music. A very practical presentation of music theory that includes predicting chord progressions, picking out melodies, determining the key of any song—all expressed in everyday language. This is an ideal follow-up to the basic chord workshop and is open to anyone who has an understanding of chords on any instrument. Expand your musical horizons, and free yourself from

sheet music dependence, and be the life of the party! Course fee covers registration, take-home materials, & future workshops are FREE!

The Preserve at McCormick Park

The Parks and Community Services Department is about to unveil the newest addition to our award-winning park system. The Preserve at McCormick Park is located at 2005 Fuller-Wiser Road between Ash Lane and Mid-Cities Boulevard. The park was funded with assistance through the Texas Recreation and Parks Account Program administered by the Texas Parks and Wildlife Department and through a generous donation from Terry Sandlin who is the developer of the Fountain Park Home Addition.

The 27 acre park provides connections to existing trails east at The Villages of Bear Creek Park and west at McCormick Park. In addition, the park consists of two ponds, a gazebo, playground, outdoor classroom, boardwalk, fishing pier, bird watching area, species trail and the Historic Tree Grove.

This park was designed with assistance from elementary and junior high school students from Bear Creek Elementary, Lakewood Elementary, North Euless Elementary and Euless Junior High who formed the Kid's Design Council. The students played an important role by suggesting design elements that were incorporated into the park. The HEB-ISD elementary science teachers are currently making plans to take field trips to this park and use the area as an outdoor laboratory for the students.

The City of Euless welcomes visitors to the Preserve at McCormick Park beginning in January 2006.
